<b>Total Estimate</b>	<b>\$399</b>

**Notes from "The General":**

"The client's location (94964 - Sausalito) falls within Marin County. Based on the inventory provided ('old furniture', 'trash', '2 broken dryers', 'mattresses', 'bed frames', and 'other items'), a '1/2 Truck' volume tier was estimated due to the quantity and bulkiness of multiple items. This results in a base cost of \$399. No construction debris was mentioned, so no surcharge was applied. No single item was identified as weighing over 200 lbs (e.g., typical dryers and furniture pieces usually fall below this threshold individually), therefore no heavy item fee was added. Travel fees were explicitly excluded as per instructions. The subtotal and total reflect the volume cost."
